Welcome to ILT in Canada!

Your trusted partner for French mastery, Canadian immigration, and TEF/TCF excellence.

If your goal is settling in Canada, boosting CRS scores, securing PR eligibility, or excelling in TEF/TCF, ILT gives you the expertise, structure, and results you need.

About ILT

Since 2017, ILT has helped thousands of learners across the globe with premium French education.

What began as a single-person initiative by Ishita Kothari has now evolved into a specialised team-driven organisation offering world-class French training, exam preparation, linguistic services, and strategic support for immigration journeys.

With our branch, ILT in Canada - we bridge the gap between language requirements and immigration success by offering tailored training aligned with Canadian PR needs.

Why French matters for Canada PR

Canada prioritises bilingual skilled migrants.

French language proficiency:

- ✓ Boosts your CRS scores
- ✓ Increases eligibility under Express Entry and PNP streams
- ✓ Enhances job opportunities in bilingual provinces
- ✓ Provides settlement advantages in Quebec and Canada-wide
- ✓ Opens pathways without requiring a job offer

A high TEF/TCF score can add up to 74+ CRS points to your profile, often the exact difference between rejection and ITA (Invitation to Apply).

What Are TEF & TCF Canada?

To apply for Permanent Residency in Canada, you must prove your language ability. Most people focus only on English (IELTS), but French gives a huge boost to your CRS score.

That is where TEF and TCF come in.

What are these exams?

TEF (Test d'Évaluation de Français) and TCF (Test de Connaissance du Français) are official French language proficiency exams recognised by the Government of Canada.

Both tests:

- Evaluate your French in Listening, Speaking, Reading & Writing
- Convert your scores into CLB (Canadian Language Benchmark) levels
- Are used for Express Entry, Provincial Nominee Programs (PNP), and other immigration pathways

Do I Need Both Exams?

✗ No.

You only take one, either TEF OR TCF.

Both are accepted equally for immigration purposes.

What score do I need?

Immigration Goal	Minimum Level Required
Francophone Mobility Work Permit Extension	CLB 5 → equivalent to B1 in Listening and Speaking
Canadian PR (Express Entry)	CLB 7+ → equivalent to B2+ in all four sections

(Higher the French level → higher the points → higher the chances of PR.)

Frequently Asked Questions

1) What are A1, A2, B1, B2 levels?

These levels represent stages of language proficiency as defined by the CEFR (Common European Framework of Reference for Languages):

- A1-A2: Beginner to Elementary
- B1-B2: Intermediate to Upper Intermediate

2) Why can't I skip levels?

→ Skipping levels can create gaps in foundational knowledge, making advanced topics difficult to grasp. Mastering each level ensures steady progress and builds confidence.

3) Why are there no group classes?

→ Group classes often lack:

- Personalized attention
- Progress tracking
- Student motivation

→ With private classes, you'll enjoy all these benefits. For a more economical option, try our 2-1 sessions.

4) What happens if my partner in 2-1 classes is unavailable?

→ If your partner informs us 24 hours in advance, the class will be rescheduled. Otherwise, the class will proceed, and a recording will be shared with the absent partner.

5) Why choose private sessions?

- Flexible timings.
- Dedicated teacher attention.
- Tailored learning plans.
- Faster progress.

6) How do I find a study partner for 2-1 classes?

→ If you don't have a partner, we'll match you with someone based on your level and availability (waiting period: 1-2 weeks).

7) What will be the course duration and timings of the classes?

- As these are private classes, the timings will depend on the mutual availability of both the student and the teacher. Once finalized, the timings can only be changed based on the teacher's availability.
- The course duration will vary depending on the number of hours the student opts for per week.

8) Who are ILT Experts and how good are they?

→ At ILT, student experience and quality education are our top priorities. That's why all our private sessions are designed to ensure an exceptional and personalized learning journey.

→ Our team of ILT Experts undergoes an intensive 2-3 month training program personally led by Ishita, followed by regular monthly supervision and weekly team meetings. This ongoing support system ensures that our classes are continuously refined for the best student outcomes.

→ All ILT Experts are either native speakers or qualified professionals holding a minimum of the DELF B2 diploma, along with formal training in teaching French as a Foreign Language (FLE).

→ Our experts are celebrated for their friendly demeanour, high professionalism, and dedication to student progress.
